

CANCON

Cancer Control Joint Action

WP4: Guide coordination

CanCon
Cancer Control Joint Action

Cancer Centre | Brussels | 23 February 2016

OBJECTIVES

Overall objectives (of the Guide): to develop a key strategic tool for EU governments and policy makers

- capitalized on existing knowledge and EPAAC's achievements
- a EU benchmark
- patient-centred

The specific (WP4) objectives:

- to ensure the quality of the content
- to provide a coherent document
- to support WP leaders in the development of the core chapters

•(integrated cancer control; community-level cancer care; survivorship and rehabilitation; screening)

WP4 METHODS

1. The threefold methodology

- a. the development of chapters (*methodological paper, template for chapters and guide for authors*)
- b. the follow-up and the quality assurance
- c. the compilation of the final document

2. The Guide Coordination Committee (GCC)

A board of CANCON members, in charge of the follow-up, revision and quality assessment /assurance

3. The external experts

Mark Dobrow (University of Toronto); Holger Schünemann (McMaster Univeristy);
the EU Observatory on Health Systems and Policies
